

Borough of Rocky Hill
Planning Board
Minutes of the Regular Meeting
November 16, 2017

The regular meeting of the Planning Board of the Borough of Rocky Hill was called to order by Class IV Brian Nolan at 7:30 PM followed by the salute to the flag.

PLEDGE OF ALLEGIANCE

NOTICE OF COMPLIANCE WITH OPEN PUBLIC MEETINGS ACT

ROLL CALL

Attendee Name	Title	Status	Arrived
Robert Ashbaugh	Councilman	Present	
Michael Goldman	Chair	Absent	
Linda Goldman	Class IV	Absent	
Irene Battaglia	Class IV	Present	
Brian Nolan	Class IV	Present	
Michael Giambra	Mayor's Alternate	Present	
Tim Corlis	Alternate 1	Present	
Robert Ayrey	Class IV	Absent	
Raymond Whitlock	Class IV	Present	
Mark Blasch	Zoning Officer	Present	

Also present: Planning Board Attorney Jolanta Maziarz, Planning Board Planner Tamara Lee, and Planning Board Secretary Christine Witt.

CHAIRMAN'S COMMENTS

Vice Chair Brian Nolan announced that the members of the Advisory Affordable Housing Subcommittee are Irene Battaglia, Michael Goldman, and Brian Nolan.

APPROVAL OF THE MINUTES

1. Planning Board - Regular Meeting - Oct 19, 2017 7:30 PM

RESULT:	ACCEPTED [5 TO 0]
MOVER:	Raymond Whitlock, Class IV
SECONDER:	Mark Blasch, Zoning Officer
AYES:	Robert Ashbaugh, Irene Battaglia, Brian Nolan, Raymond Whitlock, Mark Blasch
ABSTAIN:	Michael Giambra, Tim Corlis
ABSENT:	Michael Goldman, Linda Goldman, Robert Ayrey

OPEN PUBLIC COMMENT

None.

APPLICATIONS

1. 99 Princeton Avenue, Big House Brown, LLC

The applicant requested approval for a minor subdivision. Attorney Steve Gruenberg represented the applicant, Big House Brown, LLC, and introduced the application. The Engineer for the applicant, Eric Rupnarain, was sworn in by Planning Board Attorney Maziarz. The applicant is seeking to subdivide the lot into two lots, a 1.0 acre lot and a 1.7 acre lot. The lot is in the R-1 zone which has a required minimum lot size of 1.0 acres. The applicant does not plan to make improvements at this time and has received approval from Somerset County. The western side of the property along the Van Horne Brook is an area of wetlands, but the applicant is not proposing any disturbance in the vicinity of the wetland or any associated transition area. The new driveway will be positioned as recommended by Planning Board Planner Lee, so that it will be farther away from the neighboring property. There will be an easement for utilities. Ms. Battaglia questioned why the lot areas on the plans do not add up to 100, and Mr. Rupnarain replied that it was to leave some land along the property line by the road. Ms. Maziarz informed the applicant that at such time the property is developed they will be required to pay 1.5% of the assessed value for affordable housing development fees.

RESULT:	ADOPTED [UNANIMOUS]
MOVER:	Raymond Whitlock, Class IV
SECONDER:	Mark Blasch, Zoning Officer
AYES:	Robert Ashbaugh, Irene Battaglia, Brian Nolan, Michael Giambra, Tim Corlis, Raymond Whitlock, Mark Blasch
ABSENT:	Michael Goldman, Linda Goldman, Robert Ayrey

UNFINISHED BUSINESS

Zoning Officer Mark Blasch provided an update on a resident complaint about lighting at Salon Azzuro. Mr. Blasch determined that the salon is renting out its parking lot to another Borough business for overflow parking. This constitutes having two businesses on a single lot and requires a use variance.

Mr. Blasch also reported that Raging Capital has requested to put up No Parking signs to stop restaurant patrons from using their parking lot.

Ms. Maziarz informed the Board that the resolutions for the Trinity Church application and the Wells Tree Service application will be presented at the December Planning Board meeting.

NEW BUSINESS

None.

FINAL OPEN PUBLIC COMMENT

None

ADJOURNMENT

The meeting adjourned at 8:05 PM.

Borough of Rocky Hill
 Planning Board
 Minutes of the Regular Meeting
 October 19, 2017

The regular meeting of the Planning Board of the Borough of Rocky Hill was called to order by at 12:00 AM followed by the salute to the flag.

PLEDGE OF ALLEGIANCE

NOTICE OF COMPLIANCE WITH OPEN PUBLIC MEETINGS ACT

ROLL CALL

Attendee Name	Title	Status	Arrived
Robert Ashbaugh	Councilman	Present	
Michael Goldman	Chair	Present	
Linda Goldman	Class IV	Present

APPLICATIONS

1. 1400 : Trinity Church

Attorney Michael Leckstein introduced the application from Trinity Church for installation of speakers on the roof of the church. Tom Bremner was sworn in by Attorney. Maziarz to testify on behalf of the church. Mr. Bremner introduced Exhibit A-1, a picture of the speakers to be installed on the roof. The speakers will amplify music from a digital carillon at noon and 6 PM on week days and different times on Sundays for services. Mr. Bremner testified that the music is not intended to be audible across Rocky Hill and adjustments will be made to the volume if there are complaints from residents.

Mr. Goldman informed Mr. Bremner of state noise control statute N.J.A.C. 7:29 which lists as an exception "bells, chimes or carillons, which may include electronic devices that imitate the sounds of bells, chimes or carillons, while being used in conjunction with religious services," while noting that the exception only applies to religious services. The N.J.A.C. also states that the county is the enforcement official. Rocky Hill does not have an ordinance on decibel levels.

Mr. Goldman asked where on the church the speakers will be mounted, and Mr. Bremner answered that it will be closest to the street.

Ms. Battaglia why only three speakers are shown, and Mr. Bremner answered that there will not be a horn pointed directly at the closest neighbor to the church.

RESULT:	ADOPTED [7 TO 0]
MOVER:	Linda Goldman, Class IV
SECONDER:	Brian Nolan, Class IV
AYES:	Robert Ashbaugh, Michael Goldman, Linda Goldman, Irene Battaglia, Brian Nolan, Robert Ayrey, Mark Blasch
ABSENT:	Michael Giambra, Tim Corlis
RECUSED:	Raymond Whitlock

2. Wells Tree Service

This zoning ordinance interpretation was heard by the Zoning Board of Adjustment. Linda Goldman and Michael Goldman were recused from the hearing and Vice Chair Brian Nolan acted as Chair.

Attorney Maziarz swore in David Wells to testify regarding this application. Ms. Maziarz explained that the Master Plan was created to protect the traditional residential character of the Borough and that commercial uses are limited to commercial zones to protect residents from the potential negative impact of commercial activity. The Zoning Board must determine if the proposed service use is one that will not impede on residents.

Mr. Wells stated that Wells Tree Service is a family-owned tree service with 6-10 employees and intends to use the property at 200 Washington Street to park trucks, store equipment and tools, and perform minor office work. Workers will arrive at 7 am, leave the site between

7:15-8:00 am, be gone all day, and return between 3:00-4:30 pm. Trucks will be shut off and locked for the night. In busy times, the hours may range from 6:15-8:15 in the morning and 3:00-5:30 in the evening. Most office work will remain in Princeton. Debris is taken to a Lawrenceville, but new trees to be planted may at the Rocky Hill location. In addition to trucks, the company has three chipper, three trailers and a snow plow.

Ms. Battaglia asked Mr. Wells if the company intends to use the residential portion of the property, and he responded that he did not.

The Zoning Board found that the intended use is consistent with permitted uses in a business zone and that the intended use is a service use.

RESULT:	ADOPTED [5 TO 0]

FOR OFFICE USE ONLY:
Block:
Lot:
Application #
Applicant:
Received on:

This checklist applies to all applications to the Planning Board for minor subdivision or minor site plan approval pursuant to Sections 502.1, 505B, and 506A of the Borough Development Regulations Ordinance. Applicants are required to submit the required number of copies of application forms, checklists and maps/exhibits. See Ordinance sections above-listed for filing requirements and design standards.

Checklist Requirement	Applicant Checklist	Check if N/A	Waiver Requested	Board Action
1. Fifteen (15) copies of a completed <u>Application for Development</u> form and if a variance is required, fifteen (15) copies of a completed <u>Application for Variance</u> form, and fifteen (15) copies of all applicable <u>checklists</u> ; applicant to check off items submitted or waiver requested.	X			
2. Applicable fees and escrow funds, if required.	X			
3. If the applicant is not the owner of the property, the owner's written authorization or consent to file the application.		X		
4. If the applicant is a corporation or partnership, a list of the names and addresses of all stockholders or individual partners owning at least 10% of any class of its stock or at least 10% of the partnership interest, as required by New Jersey Statutes.	X			
5. A list of property owners and registered public utilities, cable television companies and local utilities which has been completed by the Tax Collector.	X			
6. A certification from the Tax Collector indicating that all property taxes and assessments are paid to date.	X			
7. Three (3) copies of any existing or proposed protective covenants, deed restrictions and easements applying to the land being developed or a statement that none exist or are proposed.	X			
8. Two (2) copies of a Somerset County Planning Board application completely filled in, with the fee submitted, where applicable.	X			
9. If wetlands or wetland transition areas are present, a Letter of Interpretation from NJDEP.			X	
10. Fifteen (15) black and white copies of the subdivision plat or site plan drawn in compliance with the Borough's Development Regulations Ordinance and containing the following, as applicable:	X			
A. The plat or plan clearly and legibly drawn or reproduced showing the entire tract on 1 sheet.	X			
B. If a minor subdivision, the plat prepared, signed and sealed by a New Jersey licensed Land Surveyor and bearing the license number and address of the preparer.	X			
Checklist Requirement	Applicant Checklist	Check if N/A	Waiver Requested	Board Action

Attachment: 99 Priceton Ave. Application (DOC-2017-124 : 99 Princeton Avenue, Big House Brown, LLC)

C. All drawings or plans of improvements shall be signed and sealed by a New Jersey licensed Professional Engineer and bearing the license number and address of the preparer.		X		
D. A key map with north arrow showing the subject and surrounding properties and zone boundaries, and the Airport Hazard Zone and Historic Preservation District if within 500 feet of subject property.	X			
E. Existing and proposed street and lot layout with dimensions, showing that portion proposed for development in relation to the entire tract.	X			
F. Existing lot lines to be eliminated, if any.		X		
G. Area of original tract to the nearest square foot.	X			
H. Area of each proposed lot to the nearest square foot.	X			
I. Zoning district and applicable bulk requirements in table form and displayed graphically.	X			
J. Topographic contour lines based on USGS data.	X			
K. The location of all existing and proposed buildings and structures or uses including proposed alterations thereto with dimensions from the nearest existing and proposed lot lines.	X			
L. All streams and drainage rights-of-way including the direction of flow of all streams, brooks, and drainage rights-of-way; the location of all drainage structures; the approximate location of flood hazard areas and floodway lines, steep slopes greater than 15%, wetlands and wetland transition areas based on a Letter of Interpretation from NJDEP.	X			
M. If a minor site plan, proposed driveways, parking and loading areas, on-site circulation, access for fire protection vehicles, wooded areas, and approximate on-site or on-tract stormwater detention facilities.		X		
N. The location and size of water service and sewer lines in relation to the site.	X			
O. The location and purpose of any existing or proposed easement or rights-of-way within or adjoining the tract with sight triangles shown.	X			
P. On all drawings submitted, the tax map sheet, block and lot number for the tract and all adjacent lots, the development title including at a minimum, the words "sketch plat," north arrow, space for subdivision application number, the date of original drawing, and the date and substance of each revision.	X			
Q. The scale of the map, both written and graphic.	X			
R. If a subdivision, proposed block and lot numbers approved by the Tax Assessor.			X	
S. The names, addresses, telephone numbers and signatures of all owners, applicants/developers, and person preparing the plat.	X			
11. Fifteen (15) copies of the plat or plan reduced to either 8½ x 11, 8½ x 14, or 11 x 17-inch page size.	X

**RE: BIG HOUSE BROWN/Block 14, Lot 2
RH 017:000-17**

Dear Mr. Goldman:

This Office and the Office of the County Engineer have reviewed the above referenced minor one-lot residential subdivision. The 1.05 acre site is located on Princeton Avenue (a local road). The reviewed information consists of plans entitled "Minor Subdivision Plan for Block 14 Lot 2" dated July 31, 2017. Goldenbaum Baill Engineering prepared the plans.

The County Planning Board will approve the proposed subdivision upon fulfillment of the following requirement.

Recycling

The developer is to make a cash contribution in the amount of **\$10.00** (\$10.00 per new lot) to cover the cost of the recycling containers to be provided by Somerset County to each property owner. Somerset County will arrange for the curbside collection of the recyclable materials as part of the routine collection schedule. All checks submitted to the County shall be in guaranteed form and made payable to *Treasurer, County of Somerset*.

Filed Map Requirements

Should the Borough require a final plat to be filed with the County Clerk, the following items must be addressed.

1. Prior to obtaining any signatures on the final plat, a copy is to be submitted for review and acceptance by the County.
2. Two paper copies of the final plat shall be provided to this office when it is presented for signature.

- Mission Statement -

The County of Somerset is committed to excellence and innovation in public service, promoting the well-being of all residents and communities by providing effective, efficient and responsive leadership.

Somerset County Is An Equal Opportunity Employer

MEMORANDUM

To: Rocky Hill Planning Board From: Tamara L. Lee, PP, AICP, LLA, ASLA

Re: 99 Princeton Avenue Date: November 7, 2017
Minor Subdivision Application
Block 14, Lot 2

This office has received the following information regarding the above referenced project:

- Completed Application
- Completed Checklist
- Correspondence from Steven P. Gruenberg, Esq., dated September 28, 2017
- Deed dated July 12, 2017
- Minor Subdivision Plan, prepared by Goldenbaum Baill Engineering, Inc., dated 7/24/2017, last revised 8/29/17

After reviewing this material I offer the following comments.

1.0 Background

This 2.75 acre site is located on the north side of Princeton Avenue in the R-1 Residential Zoning District. The property abuts Green Acres parkland to the rear and the municipal line along Van Horn Brook to the southwest. The property current includes an existing house, two (2) garages and a small shed. The applicant proposes to remove the garages and subdivide the lot, creating a new building lot from the eastern half of the site. The new lot will be 1.0492 acres and the remaining lot, with the existing home will be 1.6516 acres. There are some wetlands and floodplain areas on the southwest corner of the site. They affect the remaining lot more than the new building lot. The deed submitted with the application seems to suggest that there are no covenants or other encumbrances attached to this property.

2.0 Zoning/Master Plan

The R-1 Zoning District is designed to recognize existing zoning patterns outside the Borough's historic district. Single family homes and farms are permitted uses in the zone and schools, churches, parish houses, home occupations and accessory apartments are permitted conditional uses. The minimum lot size is one acre and the existing property substantially exceeds that. In fact it is the largest lot in the immediate neighborhood, which includes five (5) under sized lots, ranging in size from 0.6 to 0.85 acres. The remaining five (5) nearby residential lots range in size from 1.0 acre to 1.747 acres. The proposed minor subdivision would create two (2) conforming lots that would be consistent with the existing land use pattern in the immediate neighborhood.

2.0 Variances and Waivers Requested/Required

- 2.1 Wetlands Delineation – The applicant is requesting a waiver from the requirement to obtain a Letter of Interpretation from the New Jersey Department of Environmental Protection (NJDEP). The wetlands appear to be located closest to the Brook, on the side of the property that includes the existing house although their location has not been verified by NJDEP. It is unlikely that the wetlands extend so far from the stream corridor as to impact the new building lot, however, the applicant should provide testimony to support the waiver request.
- 2.2 Tax lot number – The applicant is requesting a waiver from the requirement to provide a new tax number for the proposed lot. I have no objections to this. If the Board sees fit to approve this application, this requirement could be a condition of the approval.
- 2.3 Rear Yard – The existing house encroaches into the rear yard by 0.6 feet. This is a pre-existing, non-conforming condition. It is also a de minimis encroachment. More importantly, the proposed subdivision does not exacerbate the existing condition therefore a variance is not required.

With the removal of the two garages, no new variances are required.

3.0 Minor Subdivision Plan

- 3.1 Utility services – Existing utility lines to the existing house cross the proposed new lot. The applicant should either provide an easement for the utility lines or relocate the lines such that they follow the existing driveway more closely.
- 3.2 Driveway - Section 80-85I of the Borough ordinance requires that any lot fronting on Princeton Avenue shall include turnaround driveways. A turnaround should be added to the existing driveway and stipulated as a requirement for the proposed new building lot.

4.0 General Comments

- 4.1 Floodplain – Both the 100-Year and 500-Year floodplains are present on the site. I defer to the Planning Board engineer as these critical lands may impact potential development on the new lot.
- 4.2 New Driveway – The neighboring home just east of this site appears to have a non-conforming side yard setback. The neighboring house is approximately 10 feet from the property line instead of the required 25 feet. It would be preferable to locate the new driveway for the new house on the proposed lot on the west side of the proposed new lot, thereby keeping the noise associated with any cars farther from the neighbor's house. This would also cluster the driveways on this parcel along the same lot line, which is a desirable way to arrange adjoining plot plans.
- 4.3 Covenants – The applicant should confirm that there property does not include any known covenants or restrictions.

**RE: BIG HOUSE BROWN/Block 14, Lot 2
RH 017:000-17**

Dear Mr. Goldman:

This Office and the Office of the County Engineer have reviewed the above referenced minor one-lot residential subdivision. The 1.05 acre site is located on Princeton Avenue (a local road). The reviewed information consists of plans entitled "Minor Subdivision Plan for Block 14 Lot 2" dated July 31, 2017. Goldenbaum Baill Engineering prepared the plans.

The County Planning Board will approve the proposed subdivision upon fulfillment of the following requirement.

Recycling

The developer is to make a cash contribution in the amount of **\$10.00** (\$10.00 per new lot) to cover the cost of the recycling containers to be provided by Somerset County to each property owner. Somerset County will arrange for the curbside collection of the recyclable materials as part of the routine collection schedule. All checks submitted to the County shall be in guaranteed form and made payable to *Treasurer, County of Somerset*.

Filed Map Requirements

Should the Borough require a final plat to be filed with the County Clerk, the following items must be addressed.

1. Prior to obtaining any signatures on the final plat, a copy is to be submitted for review and acceptance by the County.
2. Two paper copies of the final plat shall be provided to this office when it is presented for signature.

- Mission Statement -

The County of Somerset is committed to excellence and innovation in public service, promoting the well-being of all residents and communities by providing effective, efficient and responsive leadership.

Somerset County Is An Equal Opportunity Employer

Memorandum

To: Borough of Rocky Hill
Planning Board

From: William C. Tanner, PE
Borough Engineer

Date: September 22, 2017

Ref: 99 Princeton Avenue
Block 14 Lots 2
Minor Subdivision Application

I have reviewed the following documents:

1. A plan entitled "Minor Subdivision plan For Block 14 Lot 2 Tax Map Sheet 6 Borough of Rocky Hill, Somerset County, New Jersey" dated 4/24/17 and revised through 8/29/17, prepared by Goldenbaum Baill Engineering Inc. of Lambertville, New Jersey consisting of 1 page.

The following are my questions/concerns regarding the current plan:

1. The plan indicates the 100 year and 500 year flood lines. The applicants engineer shall add a note on the plans indicating the year that these flood limits were determined. FEMA has recently revised the lines as the result of Hurricane Sandy.
2. The plans show a wetland area with appropriate buffers, however it is not clear whether these limits have been approved by the NJDEP. Please clarify the status of any approvals.
3. Water and sewer lines are shown crossing the proposed new lot. These currently service the existing dwelling. An easement will be required if the property is developed as shown. The metes and bounds of this easement shall be submitted to the Borough for review and approval as part of any approval granted to the Applicant on this application.

4. The concrete encroachment into the Somerset County property Block 14 Lot 1 shall be removed as part of any approval on this lot.
5. The Plan shall reflect any trees, size and location, which will fall within the building or driveway envelope.
6. The Applicant shall understand that a building permit cannot be issued on the proposed new lot due to the current NJDEP prohibition regarding extensions of any new water service. A note to this effect shall be required on the plan.
