Contract Negotiations: Township of Montgomery Animal Control

The current contract with Montgomery Township expires on December 31, 2016. The Borough has the option to also contract with Montgomery for animal control services. The cost of the animal control contract is greater than the current contract with South Brunswick.

The consensus of the Council is that the Mayor should discuss the option of an animal control contract with Montgomery Township.

Executive session ended at 9:05 PM.

Respectfully submitted,
Christine Witt
Deputy Borough Clerk
